

**Topic**

SAP implementation in Paul Wurth Automation Inc., Canada. This company is a subsidiary of Paul Wurth S.A., Luxembourg.

**Customer**

Paul Wurth S.A. is a technology-orientated company in the engineering industry. Their main targets are the steel, iron, and non-ferrous metals sectors, but they also have a presence in the public sector.

**Task**

In 2008, PIKON rolled-out an R/3 solution in Paul Wurth Ltd's second Canadian branch, Paul Wurth Automation Inc. The project took only two months to deliver from August 2008 with the FI, AA, CO, PS, MM and SD modules becoming productive.

**Implementation**

The following modules were implemented: MM, SD, FI, AA, CO, PS.

- Specific customizing:
  - US-GAAP
  - Taxation in Canada
  - Cost of sales accounting
  - Form design
- Transmission of master data.
- On-site support for the first month-end closing.
- Providing follow-up support via telephone when required.
