

Issue

Workflow Purchase Requisition

Customer

Henkel KGaA

Task

The customer had problems with the deletion of purchase requisitions. This resulted in the requirement to inform the requester as well as the creator automatically when purchase requisitions are deleted.

Realisation

Realisation concept:

- Modelling of the workflow.
- Development of enhancements: Event-Workflow-Dataflow.
- Event creation.
- Execution of the acceptance tests.
- Tests and acceptance procedures.
