

# S/4HANA – it is not a question of ‘if’, but ‘how’ and ‘when’!

## Overview and Practical Experience

S/4HANA has been one of the hot topics for quite some time – but do you already know enough to make the right decision for your organisation? This webinar helps you to begin your S/4HANA journey.

### Main Topics

- S/4HANA basics – the main changes in Finance and Logistics
- Implementation scenarios – greenfield, brownfield or rather yellow-/bluefield?
- Our Top 4 S/4HANA implementation references
- Challenges and Lessons Learned from our S/4 projects
- Our approach for an S/4 Implementation

### Who should attend

- Management
- CIO
- CFO
- IT
