

ARE YOU THE SENIOR FUNCTIONAL SAP CONSULTANT

WE ARE LOOKING FOR?

Are you looking for new challenges? Do you have experience with SAP in the finance-controlling area? Want to broaden your knowledge and develop yourself as a functional SAP consultant? Feel the need for more authority and responsibilities, while still maintaining a healthy work-life balance? Are you excited to travel all over the world for your projects? If the answer to all these questions is "yes", you might be the person we are looking for!

About PIKON Benelux

We are a consultancy and software house specializing in process-optimization in an SAP ERP environment. Our office in Genk (Belgium) houses a small team of SAP consultants with an international customer base. PIKON also has offices in Germany and the UK, and we work closely together with the 75 international colleagues.

The life of PIKON's SAP Consultants

The core task of PIKON's SAP Consultants Finance-Controlling is to **analyse and optimise business processes**. Not only do you require a great sense of understanding in order to **translate customer requirements into functional processes** in the SAP system, you also have to **provide training** to SAP users and **support** them with their further use of the implemented solutions.

Your skills and qualifications

- You either possess a completed and **finance related master's degree** and/or have acquired related experience throughout the years
- You already have 4-5 or more years (user) **experience with SAP** in the finance-controlling field
- You are **internationally minded** and are open to short and temporary trips abroad
- As an SAP Consultant Finance-Controlling you are able to combine your **knowledge of business processes** and **digital technology** with great **communication skills**
- You love working with people (from different cultures) and **support** them with achieving their professional goals
- You are flexible and have a **positive work attitude**
- You are fluent in **Dutch** and have the required skills to communicate in foreign languages, such as **English** and **German**

What PIKON Benelux offers you

- At PIKON, you will get the chance to develop yourself and broaden your knowledge through trainings and self-study, and **we will support your growth** in any way we can
- You will have the **freedom** to share new ideas or potential internal projects and take **responsibilities** for the projects you are passionate about
- Our consultants each have **authority** of their own projects, thanks to our horizontal company structure with an **open and informal communication style**
- We have a strong **team spirit**: we are a small company where each of our colleagues is heard and appreciated, and we help each other with pleasure
- PIKON gives special attention to a **healthy work-life balance**, with **flexible working hours** and the ability to **work from home**. As a bonus, you can say goodbye to stress and losing time in traffic because our office is located in Genk (outside the city center) so **no traffic jams!**
- We celebrate the success and team spirit of PIKON through various **internal events** and small **tokens of appreciation**: each first Friday of the month, we organize a sports day, we have fruit baskets at work, we come together for spontaneous BBQ parties or movie nights and our annual company party is a weekend trip abroad (partner and kids welcome)
- And on top of that you will also receive a competitive **salary**, supplemented with a **performance-related bonus** and **extra-legal benefits**, such as a company car, group insurance, health insurance, smartphone, laptop, meal vouchers, year-end bonus,...

ARE YOU EXCITED TO BECOME OUR NEXT SENIOR FUNCTIONAL SAP CONSULTANT, DON'T HESITATE TO APPLY ON OUR JOB SITE.
